About this document 1
How to read these documents 1
Implementation status legend 1
Chapters 1
Master flowcharts 2
Consolidated editions 3

01 · Application Overview 4
1.1 What Bellomassi is 4
1.2 The three user-facing apps 4
1.3 Roles at a glance 4
1.4 Modules and implementation status 5
1.5 Technology 7
1.6 Data storage (LocalStorage) 7
1.7 What is simulated 8
1.8 Coming Soon and placeholder items 8
1.9 How the documentation was verified 8

02 · Overall Workflow 10
2.1 The business in one paragraph 10
2.2 Master flowchart 1 — Complete application workflow 11
2.3 Swimlane — who does what 13
2.4 Stages, owners and system effects 13
2.5 Supporting workflows 15
2.6 Key rules that hold across the whole flow 15

03 · Login-Wise Workflow 16
3.1 Sign-in pages 16
3.2 Demo accounts 16
3.3 Master flowchart 2 — Login-wise workflow 18
3.4 Sign-in rules (from services/authService.js) 20
3.5 Forgot / reset password (Simulated) 21
3.6 Sign-out 21
3.7 Route protection 22

04 · Role-Wise Workflow 23
4.1 Super Admin 24
4.2 Administrator 24
4.3 Sales Executive (SALESMAN) 25
4.4 Sales Manager 26
4.5 Customer Service 26
4.6 Dispatcher 27
4.7 Driver 28
4.8 Finance Executive 28
4.9 Warehouse Manager 29
4.10 Inventory Executive 30
4.11 QA Manager 30

4.12 Customer (portal / customer app) 31
4.13 Supplier (portal) 31
4.14 Custom roles 32

05 · Module-Wise Workflow 33
Module index 33
5.1 Authentication & session 34
5.2 Role dashboards 35
5.3 Products 35
5.4 Customers & credit 37
5.5 Hubs 38
5.6 Suppliers 39
5.7 Order capture (create, draft, submit, resubmit) 40
5.8 Order approval 40
5.9 Order consolidation 41
5.10 Inventory 43
5.11 Scrap management 43
5.12 Warehouse dashboard and QA & cold chain 44
5.13 Dispatch planning, assignment and confirmation 45
5.14 Delivery tracking, live tracking and exception review 46
5.15 Driver app 46
5.16 Delivery notes, OTP and proof of delivery 47
5.17 Customer app 48
5.18 Fleet master — zones, drivers, vehicles 48
5.19 Vehicle Management System (VMS) 49
5.20 Documents and OCR 50
5.21 Invoices and invoice templates 51
5.22 Email 51
5.23 WhatsApp (OpenWA) 52
5.24 Automated notifications 53
5.25 Call history 53
5.26 Notification center 54
5.27 Reports Center 54
5.28 AI Assistant and Jarvis 55
5.29 Forecasting, predictive inventory and model management 56
5.30 Replenishment 56
5.31 AI insights 57
5.32 Users, roles and permissions 58
5.33 Audit log 58
5.34 Application settings 59
5.35 Organization 59
5.36 My account 60

06 · Order-to-Delivery Workflow 61
6.1 Business summary 61
6.2 Master flowchart 3 — Order-to-delivery 62
6.3 Swimlane — order lifecycle 65
6.4 Step reference 65
6.5 Stock effect along the flow 67

6.6 Rules that stop the flow 67

07 · Approval Workflow 68

7.1 Master flowchart 4 — Order approval 69
7.2 Order approval — swimlane 72
7.3 Scrap approval 73
7.4 Replenishment approval 74
7.5 Document verification 75
7.6 Dispatch confirmation and exception review 75
7.7 Approval responsibilities 75

08 · Driver Workflow 76

8.1 The driver's day in plain English 76
8.2 Master flowchart 5 — Driver workflow 77
8.3 Driver app screens 78
8.4 Rules enforced by deliveryService 79
8.5 What happens in the data 80
8.6 Sequence — one stop 81
8.7 What the driver cannot do 81

09 · Customer Workflow 82

9.1 The customer's journey in plain English 82
9.2 Master flowchart 6 — Customer workflow 83
9.3 Screens 85
9.4 Customer-facing labels 85
9.5 Validation (customerAppService.placeCustomerOrder) 86
9.6 Notifications the customer receives 86
9.7 What the customer cannot do 86
9.8 Customer portal on the office web app 87

10 · Inventory Workflow 88

10.1 Stock figures 88
10.2 Master flowchart 7 — Inventory workflow 89
10.3 Stock receipt 89
10.4 Stock transfer 89
10.5 Stock adjustment 90
10.6 Movements, stock overview and low stock 90
10.7 Scrap 90
10.8 Predictive inventory and replenishment 93
10.9 Inventory responsibilities 94

11 · Dispatch & VMS Workflow 96

11.1 Business summary 96
11.2 Master flowchart 8 — Dispatch / VMS workflow 97
11.3 Dispatch statuses (DISPATCH_STATUS_META) 99
11.4 Step reference 100
11.5 Driver and vehicle assignment checks 100
11.6 VMS compliance 101
11.7 Tracking 101
11.8 Dispatch — swimlane 102

12 · Finance & Invoice Workflow 103
12.1 Business summary 103
12.2 Master flowchart 9 — Finance / invoice workflow 104
12.3 Templates and numbering 105
12.4 Calculation (services/invoiceCalculationService.js) 105
12.5 Validation and messages 106
12.6 Statuses 106
12.7 Credit and outstanding 107
12.8 Finance — swimlane 107

13 · Communication & Documents Workflow 108
13.1 Master flowchart 10 — Communication workflow 109
13.2 In-app notifications 109
13.3 Email 110
13.4 WhatsApp (OpenWA) 110
13.5 Call history 111
13.6 Documents and OCR 112
13.7 Communication — swimlane 114

14 · Reports & Dashboard Workflow 115
14.1 Dashboards 115
14.2 Master flowchart 11 — Reports workflow 117
14.3 Reports Center catalogue 118
14.4 Forecasting 120
14.5 AI Assistant and Jarvis 121

15 · Exception Workflow 122
15.1 Master flowchart 12 — Exception workflow 123
15.2 Exception register 124
15.3 Delivery exception review — detail 127

16 · Role Responsibility Matrix 128
16.1 Process responsibility matrix 128
16.2 Hand-off matrix (who passes work to whom) 129
16.3 Permission matrix (default grants) 129

17 · Status Lifecycle 133
17.1 Order status (orderStatus, ORDER_STATUS_META in src/config/orderConfig.js) 133
17.2 Dispatch status (DISPATCH_STATUS_META, src/config/dispatchConfig.js) 135
17.3 Delivery status (DELIVERY_STATUS) 136
17.4 Delivery OTP (OTP_STATUS) 136
17.5 Scrap request (SCRAP_STATUS, scrapService) 137
17.6 Replenishment (REPLENISHMENT_META, src/config/aiConfig.js) 137
17.7 Document (DOCUMENT_STATUS_META, src/config/documentConfig.js) 137
17.8 Invoice (INVOICE_STATUS_META, src/config/invoiceConfig.js) 137
17.9 Stock transfer (TRANSFER_STATUS, src/config/masterData.js) 138
17.10 Stock status (STOCK_STATUS, utils/stock.getStockStatus) 138
17.11 Messages — email and WhatsApp (MESSAGE_STATUS_META, src/config/communicationConfig.js) 138
17.12 VMS expiry state (EXPIRY_META, src/config/vmsConfig.js) 138
17.13 Fleet 139

17.14 Master data and users 139
17.15 AI and calls 139

18 · Screen-Wise User Guide 140
18.1 Before you sign in 140
18.2 Common controls 140
18.3 Dashboard 140
18.4 Order Management 141
18.5 Customers 141
18.6 Master data 142
18.7 Inventory 142
18.8 Dispatch 143
18.9 My Deliveries 144
18.10 My Account (Customer) 145
18.11 Vehicle Management 145
18.12 Documents 146
18.13 Invoices 147
18.14 Communication 147
18.15 Administration 149
18.16 Organization 149
18.17 AI & Intelligence 150
18.18 Reports 151
18.19 My Account 151

19 · Glossary 152
19.1 Business terms 152
19.2 Technical terms 153
19.3 Document numbering 153
19.4 Role abbreviations 154
19.5 Status label legend 154
